AE01 BACK SUPPORTS

APPROVAL REQ . NO
OT, Physio, S, LMO, Ch, Ost, RN

Back Support - Koala Komfort

Koala Komfort is a Lower Back Support with an adjustable lumbar zone. It contours to the back providing lumbar support for natural spinal alignment and to improve posture.

Product code: 230003

Total Spine Support

A full moulded back support featuring unique flanking support designed to prevent lateral movement. The support offered by the flanks relieve stress on the major structure of the lumbar spine and rib cage. Beautifully covered and ideal for the car, office and couch. Model 1 for Firm seating. Model 2 for Soft seating.

Product code: 230004 Model 1

Product code: 230005 Model 2

Contour Back Support

Full length back support that ensures that no part of the back is unsupported. Ideal for travel, it offers full support and maintenance of the spine's natural curvature while in the car, at home, or office.

Sm, Med, Lge

Product code: 230006

Back Hugger

Contoured to provide support and help alleviate lower back fatigue. Special built-in spinal support column. Features an insert which can be removed by those who want to reduce the product depth or modify the lumbar curve

.Available in traditional or Memory Foam.

Product code: 230009 Tradional

Back Form

A contoured lower back support with supportive flanks that hug and support the lower back. Form-fitting design contours to the back providing lumbar support for natural spinal alignment and improved posture. Features tapered back corners to adjust to the curved seating in modern cars.

Product code: 230011

Invacare Personal Back

Quick Set™ hardware features self-adjusting cane clamps, Lightweight aluminum shell for increased strength and durability, Pre-drilled headrest mounting pattern for easy attachment of headrests, Laterals redesigned to increase midline support without interfering with upper extremity movement, Wide range of sizes to fit the user and chair dimensions.

Product code: 220202

Invacare Curved Back

The Invacare Curved Back is designed for users who require a solid back support. Accessories, such as lateral supports, shoulder supports, and a headrest, can be added and adjusted easily. The Curved Back will benefit users who want firm support and the ability to offset the “hammock effect” of sling upholstery.

A full range of low level pressure care cushions are available
Please call for complete range or refer to your DVA complete spreadsheet list.

Jay Basic Cushion

A soft, mildly contoured foam cushion designed to provide stability and comfort for the person with a flexible posture at low risk for skin breakdown.

Product code: 301

Comfort Mate Xtra Cushion

Simple seating solutions for comfort, fit and function. For clients with mild to moderate seating needs, the Invacare Essential Series Cushions offer a wide range of simple but highly functional solutions. Essential and Single Density cushions are designed to provide stability and comfort at an affordable price. The Invacare Comfort-Mate Extra cushion goes one step further with a comfortable, moulded design and a durable moisture proof coating.

Product code: CMEX/WXX/DXX

Roho Mosaic

The MOSAIC cushion is especially suited for users who require a cushion for basic level skin protection, support and comfort. Using air flotation technology, the MOSAIC cushion is not only comfortable, but the use of interconnected air cells to distribute forces evenly across the cushion allows it to be used effectively for low risk skin protection.

Product code: 220441

Air Ring Cushion

Simple comfort for anyone sitting for long periods. Originally designed for people confined to bed, inflatable ring cushions are ideal for hemorrhoids sufferers and post-operative use. Sit on air at your computer - perfect for anyone who sits at a desk for extended periods. Helps avoid varicose conditions which can arise from inhibited circulation.

Product code: 229990

Jay® Soft Combi Cushion/Jay® Soft Combi P Cushion

The Jay® Soft Combi P features deeper leg troughs, greater lateral thigh support and greater medial thigh support. This increases lateral pelvic support, which provides better positioning for the user. The Jay® Soft Combi is designed for the person needing mild to moderate postural support who is at low risk for skin breakdown. It provides enhanced comfort and mild positioning

Product code: JB2201P

Spenco Wheelchair Cushion, Seat, Back and Sides

Spenco Comfort Touch pressure reduction products are made from soft, fluffed hollow core fibers called silicore® fibers. They help reduce pressure, don't matt down, and provide insulation against heat and cold. These fibers are permanently siliconized to help absorb friction and prevent moisture penetration. Products made with silicore® padding are machine washable and dryable. Spenco Comfort Touch pads have water proof sheeting on one side (ideal for incontinent situations) and cotton/polyester on the reverse side

Product code: 229989

APPROVAL REQ . NO
OT, Physio, S, Ch, Ost, RN

Quad Cushion

A four-function support cushion that maintains the spine in its correct alignment whether supine of sitting. Rippled surface disperses pressure and provides wonderful comfort and support for the lower back, under knees, under ankles (leaves heels free) and useful as a lower back support when sitting upright. Covered in Dura-Fab or Steri-Plus.
.

Product code: 229994

Good Posture Cushion

Posture Wedge Cushion - Relieve pressure and pain Designed for use on existing chairs by persons sitting for extended periods. It helps in maintaining the spine's natural curvature, and assists in alleviating nerve pressure in the mid-back area. The anatomically desirable 9 degree angle encourages correct pelvic tilt to reduce pressure on lumbar discs - minimising potential back problems. Available in Dura-Fab or Steri-Plus versions.

Product code: 229998

Keyhole Comfort Cushion

Keyhole Cushion is a high density cushion with a symmetrical aperture. Designed for post natal or post operative discomfort, hemorrhoids, bruised coccyx and other painful conditions. The keyhole seat cushion gives therapeutic, pressure-free comfort when sitting.

Product code: 229999

Relief Ring Cushion

Designed for post natal or post operative discomfort, hemorrhoids, bruised coccyx and other painful conditions. The Relief Ring Cushion is a seat cushion giving pressure-free comfort when sitting

Product code: 230001

Cup - Doidy

This two handled stackable polyethylene mug is moulded with the upper part at an angle to reduce the amount of tilt needed to drink from it. Dishwasher-safe. Capacity 200ml (7fl. oz); weight 120g

Product code: 250055

Cup - Dysphagia

The design of this cup helps prevent liquids from escaping at the lips and directs the liquid to the centre of the mouth. It provides sufficient nose clearance to empty the cup without tilting the head back. The extended handle accommodates gripping by the entire hand or by the thumb only. Dishwasher safe to 80°C (180°F). Not recommended for microwave use..

Product code: 250060

Cup - Nosey Cut Out

Designed for use by people who have difficulty tipping their head back. The cup is notched to allow room for the nose when cup is tipped. Dishwasher safe. Capacity 237ml (8fl.oz). Weight 40g.

Product code: 250110

Cup - Feeding Clear, Pair

A clear plastic beaker, designed for easy gripping, which has a vented lid with a drinking spout. Available with 4mm or 8mm spout hole. Supplied in pairs. Capacity 200ml (7fl.oz). Dishwasher safe up to 135°C.

Product code: 250070

Cup - Nosey

These cups are designed for added comfort and convenience. A special cut-out helps to maintain the proper head and neck positioning when swallowing, making drinking even easier. Each tumbler is transparent which enables monitoring of liquid intake. Durable polypropylene makes these tumblers dishwasher safe up to 109°C (228°F).
Available in 118ml size

Cutlery Set - Queens

A range of stainless steel utensils with an angled head mounted in the Queens built-up handle, enabling those with limited wrist movement to eat more easily. The knife has a blade bent at an angle to the handle and can be used with a rocker action. The fork and spoon are available as right or left handed versions. Specifications as for standard Queens range. Length of handle 98mm (35/8"). Diameter of handle 30mm (11/4").
Product code: 250125

All items available as

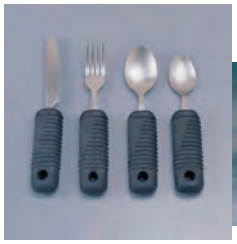
Cutlery Set - L-Weight Foam

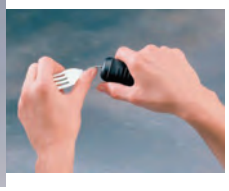
These stainless steel utensils, mounted into our Lightweight Foam handle, can be used for one handed eating by combining cutlery functions. The splayed fork is a pronged fork with edges designed for cutting food and a deep rounded body which functions like a spoon. The Nelson Knife is a knife with a cutting edge, which ends as a curved pronged fork, to enable food to be picked up. The foam is c omfortable to hold and washable (although not recommended for dishwashers). Handle length 115mm (41/2") and diameter 28mm (11/4").

Product code: 250120

Cutlery Set - S-Grip Bendable

The spoons and forks in this range feature a twist in the metal shaft to allow them to be bent to the desired angle. The utensils can be bent to either the right or left to the position that is the most comfortable for the user. The knife has a curved rocker blade to allow the user to cut with minimal effort. The comfortable 38mm (11/2") wide built up ribbed rubber handles provide an improved grip.





Cutlery Set - Supergrip

These stainless steel utensils have comfortable ribbed built up handles to assist people with a weak grasp. The rubber handles are 38mm (11/2") wide and 102mm (4") long.

Mug Two Handled

Each mug has two handles to assist control, and is supplied with two lids, one for anti-spill and one with a drinking spout. The mug is dishwasher safe, but not the lid. Colours may vary. Capacity 250ml (9fl.oz). Weight 110g.

Product code: 250480

Plate Economy Scoop

This plate is designed to assist people with one good hand or who have difficulty picking up food. The plate is oval with a sloping bottom and a high side to allow the user to scoop food onto a utensil. The plate fits over a suction base to provide additional stability and prevent the plate from moving. The plate (but not the suction base) is suitable for use in a dishwasher and microwave. Measures 275 x 200mm (103/4 x 73/4").

Product code: 250535

Plate Inner Lip

The curved inside edge keeps food from sliding off the plate to make self-feeding easier for children or adults. Plate is 230mm (9") in diameter with a 25mm (1") rim and a 13mm (1/2") edge. Dishwasher safe up to 80°C (180°F) and microwave safe. Made from polypropylene.

Product code: 250540

Plate Manoy

These melamine plates are designed to help those with one good hand or who have difficulty picking up food with utensils. They are oval in shape with a sloping bottom and high sided end to help scoop up food without spilling it over the side. Not suitable for microwave ovens, but dishwasher safe.

Product code: 250545 -Large

Product code: 250550 -Small

Plate Medeci Ivory

A deep dished plate to assist with picking up food. Made from tough plastic. The large contoured rim makes the plate easier to grip. It is lightweight, stackable and dishwasher safe. External diameter 241mm (91/2"). Weight 180g.

Product code: 250565

Surround Plate Incurve

This flexible guard can be fitted to ordinary plates to assist with one handed eating. Three clips attach it to the rim and create a high inward sloping face to help with food collection and prevent spillage. Plate size 190 to 254mm (71/2 to 10") external diameter. Microwave and dishwasher safe. Weight 45g.

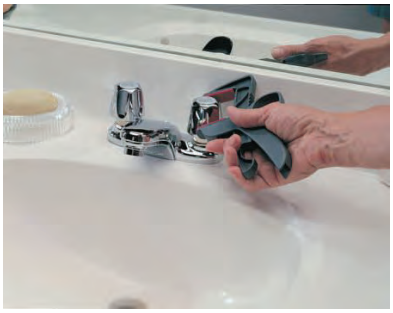
AH07 OPENERS / AH08 KEY TURNER

APPROVAL REQ . NO
OT, Physio, S, LMO, Ost, RN



Opener Power Grip

Designed for individuals with limited hand or finger strength, this lightweight, handy helper concentrates the power of the entire hand onto its slip resistant jaws. Opens bottles, jars, doors, childproof medicine bottles etc. It can pick up items that are paper thin to 100mm (4") thick. Made from high impact plastic.

Product code: 250500

Opener Rubber Bottle Screw Top

Flexible rubber moulding for an easy, firm grip on small tops e.g. drink bottles or medicine containers. Also excellent for turning knobs. Suitable for tops up to 35mm (11/2") diameter. Weight 85g.

Product code: 250505

Opener Dycem

Place this handy sized bottle opener on top of stubborn bottle tops and twist to open. The non-slip Dycem properties also provide a vice like grip to ensure a good seal when closing bottles

Product code: 250490

Opener Rubber Twister

A cone shaped rubber moulding with fluted finger grips on the outside, and ribbing on the inside to give a good grip for opening twist-off jar lids. Suitable for tops 20 to 85mm (3/4 to 31/2") diameter. Weight 100g.

Product code: 250510

Opener Strong Boy

Stainless steel band is fitted around the lid of a jar/bottle then clamped tight using the screw at the end of the handle. The handle can be used as a lever. Suitable for jar/bottle tops 20-110mm.

Product code: 250515

Key Turner

This simple product has curved built in handles yale or mortice type door keys providing an easy grip and good leverage for turning. It has a locking lever attached to the brass fittings, to enable the keys to be positioned separately or locked back into the body of the handle. Designed to hold two keys only. When not in use, the key folds into the handle.

AH09 NON-SLIP TABLE MAT / AH11 REACHING APPLIANCES /AH12 SCISSORS

Non Slip Pad Dycem

Dycem has been developed to produce the most effective non-slip material available. It is not sticky, but it grips dry, slippery surfaces e.g. worktops, trays, floors and tables to prevent movement. It may also be used to enhance grip on jars, handles, etc. It can be cleaned in soft, soapy water to retain its properties but is not effective when wet.

Dycem Rectangle 25x18.5cm

Homecraft Easireach II

A unique lightweight, robust and wear resistant reacher. Ideal for retrieving or reaching a wide variety of items in the home, garden or out shopping. Available in four lengths, with or without optional extras. Features Twin Gripping Jaws, Magnetic Head, Trigger Design, Rotatable Head/Stick Clip

Product code: 250581 – 60cm
Product code: 250582 – 75cm
Product code: 250583 – 90cm

Pickup Reacher

Lightweight and robust, this versatile new reacher is ideal for picking up everyday items around the home for those who have difficulty bending or reaching. Containing no skin traps, the comfortable four finger trigger action is suitable for those with a limited grip, whilst the 360 revolving head avoids the need to rotate the wrist, which may be painful for some users.

Standard - 600 mm
Product code: DAYRCHSTD

Long - 800 mm
Product code: DAYRCHLONG

Reacher-Squeeze

The improved handle delivers great power and control, and is moulded to provide the most comfortable hold. Also with a detachable cuff support, you can use the Arthri-grip to suit your needs. With the addition of the rotating precision pick-up, you can reach all those awkward places.

Short - 26" (660 mm)
Product code: 250588

Long - 32" (810 mm)
Product code: 250589

Scissors-Easy Grip

Extremely lightweight with plastic handles and stainless steel blades. The continuous loop handle automatically reopens the scissors when pressure is released. Only a gentle squeeze is required to operate the scissors, making them ideal for use by people with limited dexterity.

Scissors - Easigrip Point 3.2
Product code: 250595
Scissors - Easigrip Point 5.1
Product code: 250600
Scissors - Easigrip Round
Product code: 250605

Stirex
Range Of Assisted Opening Scissors

A range of lightweight, scissors with spring assisted, curved, plastic handles. Designed for right or left handed use. Adult and children's models are available.

HOME MODIFICATIONS

We have a large network of builders, plumbers and handymen right across Australia and offer home modifications, repairs and renovations that can assist prescribers, clients and their carers to live independently and safely in their homes.

Examples can include installing equipment, such as grab rails and pull handles, or making structural changes to a home, such as widening doorways, installing ramps or bathroom modifications. We offer a wide range of products and services that our qualified tradesmen can supply and install.

Department of Veterans' Affairs run a program designed to prevent falls and accidents in the home. All Gold and White Repatriation Card Holders are eligible for an annual free home assessment with subsidised installation of safety appliances, such as grab-rails or non-slip floor surfacing. Country Care will be pleased to assist you with this assessment in compliance with the Australian Standard 1428:1.

AL11 PORTABLE RAMPS

HOME MODIFICATION

A full range of ramps are available
Please call for complete range or refer to your DVA complete spreadsheet list.

Lightweight Portable Ramps

Made from slip-resistant recycled rubber, these ramps offer a simple way to increase doorway access and reduce tripping hazards. The ramps comply with access and mobility gradient 1:8 and are maintenance free.
Sizing can be altered for lower obstacles by cutting with a Jig-saw. Ideal for home, work, aged care facilities, retirement villages, hotels or shops and light enough to be used as a portable ramp.
Available in two sizes:
TR025: 1010mm (L) x 200mm (W) x 25mm (H) 7.3kg
TR050: 1140mm (L) x 400mm (W) x 50mm (H) 13kg

Product code: TR0 25 Product code: TR050

Silver Star Single-Fold Ramps

Silver Star single-fold aluminium ramps offer a reliable solution for transitioning curbs, thresholds and other obstacles. They are available in several different lengths and can accommodate a weight capacity of 272kg (600 lbs.) The ramps are easily portable or can be secured for permanent positioning. With an integrated, high traction surface for secure usability, they offer an economical solution to tackling obstacles up to 51cm (20”).
Available in: 61cm (2'), 91cm (3'), 122cm (4'), 152cm (5'), 183cm (6')
Product code: ***RAMP2*** Product code: ***RAMP3*** Product code: ***RAMP4*** Product code: ***RAMP5*** Product code: ***RAMP6***

Decpac Edge Barrier Limiter range

The E.B.L (Edge Barrier Limiter) range has the added security of edge barriers. Available in different lengths to provide solutions to obstacles from 225mm to 1000mm in height. Particularly suited to providing instant access to cars, buses, trains and buildings where a permanent ramp is impractical.
Length ranges from 900mm - 3.5m, width 820mm and weights from 7kg to 19kg.

Product code: 2CEBL size?

Decpac Senior

The senior range offers you a flexible variety of ramps to cope with obstacles from 225mm to 1000mm in height. As with the Personal and Multipurpose models each is remarkably lightweight and strong.
Length ranges from 900mm - 2m, width 750mm and weights from 6kg to 13kg

Product code: 2GS135P

AL11 PORTABLE RAMPS

APPROVAL REQ . No
OT, S

DECPAC PORTABLE LIGHTWEIGHT RAMPS

Decpac ramps are manufactured with a unique combination of uni-directional glass and carbon fibre materials to create an extremely strong and lightweight ramp suitable for a wide range of uses. Decpac ramps fold with a concertina action allowing their width to be folded down to the most compact size ensuring maximum portability.
Decpac lightweight folding ramps give you more mobility in seconds. The concertina folding action is layed out simply and easily to make light work of awkward steps and kerbs. In their folded position, the Personal or Multipurpose models are so compact, they can be easily carried on the back of the wheelchair or scooter with use of the optional carry bag. The longer ramps will easily fit into the boot of a car in their folded position. All ramps offer a safe working load of 300kg.

Decpac Personal

The Personal model is a lightweight ramp that is very portable and makes access easier in and around the home or workplace. Ideal for climbing kerbs and similar obstacles.
Length 700mm, width 740mm and weight 4kg

Product code: *2PGP*

Decpac Multipurpose

The Multipurpose ramp is designed to cope with a wider range of obstacles making it more suitable for commercial and travel situations. Longer and wider than the Personal version yet still very portable, the Multipurpose ramp is invaluable when venturing outdoors.
Length 870mm, width 830mm and weight 6kg

Product code: 2MPGP

HEARTWAY

YES! You will look good on a Vita S12

All new, top of the range, luxurious 4-wheel scooter designed and manufactured to the highest standards. Packed with the latest technology and advanced features, the S12 Vita offers; innovative LCD digital display that keeps the user informed of the driving speed, time, temperature, distance travelled and battery range. The advanced ‘sporty’ suspension and automatic speed reduction when turning ensure a great ride. It also has a contoured, fully adjustable, ergonomic seat, a full lighting package including automatic braking lights and side reflectors that shine bright LED lights at night. The low profile, 13” tyres have alloy trims and the robust 4-pole motor provides plenty of power.

Superbly designed and finished, the S12 Vita represents the future of personal mobility. Capable of a top speed of 15km/hr and a range of up to 50km per battery charge.

SHOPRIDER - 889SL 4-wheel scooter

The Shop rider 889 is simply the best all round scooter we have tested. It is our number one selling scooter. Why? It just performs exceptionally well in all the critical areas. Power, Range per Charge, Luxurious Comfort, Adjustable seat and tiller settings, Modesty panel, multiple lights for visibility and most importantly reliability. No other Brand of Mobility scooter we have tried can compare to the 889 for performance, value and comfort. While some scooters may be cheaper the 889SL is better value long term. We would strongly advise customers to test ride this scooter before making any decision on another brand or model.

MOBILITY

Karma Ergo Lite Transit

The Ergo Lite is the lightest wheelchair in our product range.

The wheelchair equips Karma's patented S-Ergo seating system which promotes pressure relief and helps prevent the user from slipping off the seat. The Ergo Lite has a double cross braces for strength, durability and quality you would expect from karma.

Product code: KMERGOLITEXX

Karma S-ergo 115

Product code: KM-S115

Performance, Style and Comfort.
Karma's new Ergo 115 is equipped with the Unique S-Ergo (Smart Ergo) S shaped seat. The S-Ergo design was developed over two years, after extensive testing by Karma's Research and Development Department. The result is a leap forward in wheelchair design.
In Addition to the S-Ergo seating system the Ergo 115 also has seat upholstery and pads treated with Aegis Microbe shield, to reduce stains and odour.
The streamline oval tubes not only make the wheelchair look great, but also add to the strength of the wheelchair structure, which is incredibly light. Made from aircraft aluminium frame breaks down to just 8 Kg.

Features

- S-Ergo seat provides pressure relief and prevents slippage
- Outrigger arms minimize the overall width of the wheelchair
- Aegis Microbe Shield permanently bonded antimicrobial barrier upholstery protects from odour, staining and deterioration from bacteria, fungus and other micro organisms.
- Wide arm pads provide extra support
- Tube in centre footrest hanger provides support for the leg and allows user to relax thigh muscles.
- 8kg. Aircraft grade aluminium frame
- Detachable swing in/out footrest hangers.
- Available in 16", 18" or optional 20" seat width.

Karma S-ergo 300

Product code: KMERGO300XX

Features

- S-Ergo seat provides pressure relief and prevents slippage
- Aegis Microbe Shield permanently bonded antimicrobial barrier upholstery protects from odour, staining and deterioration from bacteria, fungus and other micro organisms.
- Easy 2 new style armrests: Easy to flip-back with adjustable height
- Patented footrest design swings inward and outward for added convenience
- Stylish side panel protects you from the rear wheels
- Modular design with aircraft-grade aluminium alloy reduces maintenance costs and total weight of the chair
- Height adjustable rear wheels

AP17–WHEELCHAIR –Manual (standard)

Invacare 9000 XDT Heavy Duty

The Invacare 9000 XT wheelchair is a high performance, low maintenance and low total lifetime cost product. The 9000 XT is simply the most versatile lightweight wheelchair available and is the model of choice. This wheelchair boasts a vast offering of frame styles, seat-to-floor heights, back styles, widths, depths and a wide range of options and accessories.

- The high-performance 9000 XDT provides a 159kg weight capacity. Durable, low-maintenance, triple chrome -plated, carbon steel frame is long-lasting.
- Tall frames are designed to accommodate taller individuals and provide a more comfortable ride.
- Triple-axle positions allow wide variation of seat-to-floor heights.
- Urethane rear tires mounted on "no flex" wheels offer superior performance and urethane castors for better ride and lighter weight.
- Meets RESNA standards for manual wheelchairs in product performance.

Product code: 9XDTWD07

Invacare 9000 XT

The Invacare 9000 XT wheelchair is a high performance, low maintenance and low total lifetime cost product. The 9000 XT is simply the most versatile lightweight wheelchair available and is the model of choice. This wheelchair boasts a vast offering of frame styles, seat-to-floor heights, back styles, widths, depths and a wide range of options and accessories.

- Durable, low-maintenance, chrome-plated, carbon steel frame with aluminium crossbraces
- Dual axle positions allow variations of seat-to-floor heights
- Offset axle position allows adjustment of centre-of-gravity to increase maneuverability or stability to meet each user skill level
- Urethane rear tyres mounted on "no flex" wheels offer superior performance
- Urethane casters for better ride and lighter weight
- Adjustable caster journal can be used with or without offset axle option.
- Flame-retardant upholstery resists mildew and bacteria, as well as cold-crack and UV damage
